INTRODUCTION,

WE again have the pleasure of presenting to the General Drug Trade our Catalogue and Prices Current for 1888, revised and corrected to date. The prices quoted are for ordinary commercial quantities. We shall be happy, at any time, to furnish special quotations on original packages or large lots. The constant change in market values makes a frequent revision necessary, and it will be understood that the prices quoted are subject to changes in the market, and not to be considered binding unless confirmed by the house.

Sugar Coated Pills and Granules.—While we handle the brands of all reliable manufacturers, we stock and recommend the Pills and Granules manufactured by Bullock & Crenshaw, of Philadelphia, and the general Pharmaceutical Preparations of the houses of Hance Bros. & White, Luzon J. Finch, Justin Wohlfarth, and Wiley & Harris.

TERMS, ETC.: Assorted invoices will be sold payable within thirty days in New York. Parties ordering for the first time will see the necessity of giving references or remitting with the order.

PACKING BOXES AND CARTAGE IN THIS DEPARTMENT ARE FREE: There will be no charge for boxes for assorted goods, but Patent Cans, Kegs, Barrels, will be charged at regular prices.

The Drug Department still continues under the management of that old and well-known Pharmacist and Practical Chemist, Dr. Wm. M. Gilles, assisted by Licensed Pharmacists only.

Soliciting your orders for goods, which will receive careful attention, best prices and prompt despatch in shipping, we remain,

Very respectfully,

Moore's

Sure Cure for Chills.

Sept. 14, 1878. "I am very loath to speak commendatory of proprietary medicines, but when an article like yours, possessing merit, equal at least to what is claimed for it is brought to my notice, I cheerfully waive all prejudices and very willingly recommend it, as I believe it my duty to do.

"I unhesitatingly say that your Pilules are good, and worthy of a trial in all Malarial Diseases." R. H. LANSING Chillipothe O.

B. W. STARK, Aurelius, Mich., Merchant and P. M.

Diseases." R. H. LANSING, Chillicothe, O.

Merchant and P. M.

Sold by Druggists, 50 cents per box of 50 Pilules.

Dr. C. C. MOORE, 78 and 80 (New Nos.) Cortlandt St., New York.

The SECRET of the wonderful success of the above Medicine (Moore's Pilules) is this: They are the most remarkable blood purifier ever known; they cleanse the blood of all impurities by their action on the red corpuscles of the blood; the Pilules kill the little worm or grub that lives and propagates in the blood and creates disease; by the use of the Pilules these little animals are exterminated and health restored. Moore's Pilules are indeed a remarkable medicine.

Sold by THURBER, WHYLAND & CO.

Moore's Throat and Lung Lozenges

Are another of Dr. C. C. Moore's very excellent remedies; they are for the instant relief and cure of Coughs, Colds and Sore Throat and Bronchitis. 10c. and 25c. boxes.

Sold by THURBER, WHYLAND & CO.

BULLOCK & CRENSHAW'S Sugar-coated Pills and Granules.

Which cannot be excelled in quality or appearance by any made in this country or in Europe.

These Pills and Granules are accurately compounded and sugar-coated in Bullock & Crenshaw's Laboratory, and the ingredients are without exception of the best quality, and therefore can be confidently relied upon.

MASSASOIT GRADE.

The following are of good quality and is the grade from which we grind the "Massasoit" brand, as quoted below, and usually sold by other houses as the best. Both S. I. and "Massasoit" are absolutely pure in the same sense that a pound of pure tea can be purchased for one dollar, or half that sum – simply a difference in grade of the Whole goods.

"MASSASOIT" BRAND PURE GROUND SPICES.

GROUND AND PACKED BY THURBER, WHYLAND & CO.

THE ABOVE PRICES ARE APPROXIMATE ONLY.

SPICES.

As the value of Spice depends on its strength and flavor, in no line of goods is care in purchasing more necessary to obtaining good intrinsic value.

Spices grown in some parts of the world are much stronger and finer flavored than those grown in other parts, and all Spices deteriorate in quality rapidly by age, particularly after being ground.

Our Foreign Houses and connections give us facilities enjoyed by few houses for selecting the freshest, strongest and finest flavored Spices of the world, and our large trade enables us to distribute them before sufficient time has elapsed to allow them to deteriorate in quality to any appreciable extent.

Our extensive machinery comprising Mills, Chaser's Mustard Press Powders, Sifters, etc., are of the latest improved patterns, and Druggists who prefer to purchase Spices whole and have them Powdered, can avail themselves of our machinery with the full assurance of their being Powdered honestly and in the best manner for the following prices:

		Per lb.			Per lb.			Per lb.
BLACK	PEPPER,	1c.	ALLSPICE,	-	1c.	GINGER,	-	2c.
WHITE	6.6	1c.	CINNAMON,	-	2c.	MACE,	-	4c.
RED	i i	3c.	CLOYES.	-	2c.	NUTMEGS,	-	4c.

MUSTARD.—Our large Importations of Trieste and English, Yellow and Brown Seeds, enable us to select the choicest qualities for pressing. Our Drying Rooms expel the moisture from the Seed, putting it in the best condition for pressing. Our Mustard Press is one of the finest in the country, and we can produce Mustard equal in quality to the finest English Mustard Imported. We solicit a trial order, however small, for our E. G. Mustard.

TRADE OPINIONS.

EISELE & HOGABOOM, Hot Springs Drug Store,

RUBINAT Co.

Gentlemen:—We are having splendid success in the sale of Rubinat-Condal.

Our sale of it largely surpasses Hunyadi. It gives satisfaction to all who use it.

Very truly, [Signed] EISELE & HOGABOOM.

RUBINAT Co., N. Y. E. R. WILSON, GRAND RAPIDS, Feb. 11.

Dear Sirs:—The Rubinat Water has given perfect satisfaction in every case where it has been tried. I consider it the best water in the market. I will say that when once the physicians try it, they prefer the Rubinat-Condal in every case, and it is only a question of a little time when it will have a large sale here.

Very respectfully yours, E. R. Wilson.
Rubinat Co., N. Y. Schenectady, N. Y., March 6, 1888.

Gentlemen:—We are entirely out of water, please ship at once. We predict for the Rubinat-Condal Water a large sale in the near future.

Yours truly, W. T. Hanson & Co.

Rubinat Co. Dr. H. W. Cole. Druggist, Danville, Va., March 6, 1888.

Gents:—Please send me 1 case, 50 bottles, Rubinat-Condal Water. It sells better than any purgative water I have; I see no reason why it should not continue to do so.

Yours truly, H. W. Cole.

MEDICAL OPINIONS.

Opinion of SIR MORELL MACKENZIE, M. D.—"The best which exists, superior to any analogous purgative."—London, July 4th, 1887.

Extract from the **Hospital Gazette**, London, July 2, 1887.—"The effects of this water are all that could be desired. We cordially recommend it and predict for it an enormous sale as soon as its merits become known."

"Less distasteful and more efficient in its action than any other water I have ever prescribed." G. M. Hammond, M. D.

ANSWER TO WHAT IS IT?

"LIQUID BREAD."

- A tonic which restores the system to a healthy condition.
- A Liquid, and, as the name implies-"LIQUID BREAD"-it is food for the system.
- An absolutely pure Extract of Malt, and consists almost entirely of Malt Sugar, Dextrine, being free from fatty acids, etc., and it is a splendid beverage for everybody, whether well or sick.
- Recommended and endorsed by physicians—as one of them has said from rather extended observation of its effects-who have become convinced of its value as a restorative and constructive in various conditions of the system, characterized by loss of appetite and impaired digestive power. The most favorable results have been obtained in cases of debility and exhaustion following acute diseases or consequent upon protractive and wasting discharges.
- An excellent appetizer: it aids digestion and should be used by all who wish to preserve health by assisting nature.
- Manufactured in the most improved Scientific methods by the old Reliable House.
- Sold by Druggists and Grocers throughout the world. The citizens of New York City and vicinity attest to its valuable merits by using from 3,000 to 10,000 dozen bottles monthly.
- Used extensively by mothers. The agreeable and palatable form of this prepara-Used extensively by models. The agreement tion renders it particularly valuable to infant invalids and nursing women.
- A palatable preparation, the result of the highest skill and greatest experience in the manipulation of malt, so as to convert it into a pleasant tasting tonic, a nourishing and reconstructive food, building up the system, supplanting waste by healthy nutritive matter and all this with the lowest possible development of alcohol.

No More Colds or Pneumonias! A Little Insignificant Weed Revolutionizing the Habits of the World!

The Wild Period of Dissipation, Overwork, Mental Exhaustion and Broken Constitutions find a Check.

TO THE FRONT.

Weakly, Nervous Women do double work with less fatigue on five cents' worth a day.

Genuine MOXIE has Dr. Thompson's Signature and Portrait over the Cork on a red and black ground. All other is counterfeit

IEUT. MOXIE'S DISCOVERY has been on the market 15 months. The result is the most remarkable record in the history of the country. The sale of over 5,000,000 bottles has never been equaled in the history of trade, and when it is considered that this has been done with less than Twelve Thousand Dollars' worth of advertising there is but one conclusion—it has sold mostly on its merits. Basing an estimate on the size of its sale, use and results in the City of Lowell, we have the right to estimate that it has cured 228,000 nervous wrecks to a fair condition of health and endurance; while that large class of rapid workers who are forced to their utunost powers of endurance generally admit that they can stand on its merits. Basing an estimate ton the size of its sale, use and results in the City of Lowell, we have the right to estimate that it has cured 228,000 drunkards of the liquor appetite and restored 389,000 nervous wrecks to a fair condition of health and endurance; while that large class of rapid workers who are forced to their utmost powers of endurance, generally admitted that they can stand almost double strain, with less fatigue, on five cents' worth per day. It is generally admitted that it occupies a vast field of usefulness never filled before with a harmless remedy. It has won the favorable recognition of all classes of the people but the cynics, who cry fraud and humbug at everything, try nothing, and always give an opinion, whether they have knowledge enough to entitle them to one, or otherwise. For the beneft of such, we suggest that they write to Mrs Mary Cheney, aged 68, 18 Bleachery Corporation, in Lowell, who was given up by eminent physicians in helpless progressive paralysis. She was recovered in 15 days. Or to Angus Bell, 130 Broadway, in Lowell, who had general helpless paralysis for 20 months. The case was considered absolutely hopeless. After the use of MOXIE, he is now able to do hard muscular labor. Or to Mary Hulme, aged 67, living at 3 Union Street, in Lowell. She had complete paralysis of the left side. Is taking MOXIE; has recovered all but the left hand. A daughter of Louis Berger 95 Folsom Street, San Francisco, left side completely paralyzed, with loss of speech. Complete recovery from MOXIE. Or Col. H, Bowers, a very wealthy and prominent citizen, at No. 649 Clinton Avenue, Albany, complete paralysis of the right side after three shocks, from using the MOXIE but a short time, he is nearly recovered, writes in a clear, steady hand to mc, with the hither to helps shand. We hereby agree with the public, to forteit \$5,000 if these statements are untrue, or exaggerated. We do this to silence this dishonest class, and stop the cry of humbur, We do not like to parade—the name of a cur

ESTABLISHED SINCE THE FLOOD.

MONELL'S

TEETHING

The Mother's Pet and the Children's Best Friend

PRICE TWENTY-FIVE CENTS.

Eminent medical authority like Dr. Willard Parker, of New York, and Dr. WARREN STONE, of New Orleans, recommending Monell's Teething Cordial as being the best preparation for young children in dysentery, diarrhea, wind colic, and all diseases young children are subjected to especially while passing through the terrible ordeal of Teething, and in fact the only safe medicine to quiet and allay all pain and produce a quiet, healthy and refreshing sleep is a sufficient guarantee of its wonderful effects. Another proof of its merits is its rapid sale, which ought to be sufficient to commend it to every mother who has a child; it is not poisonous or injurious in any way; is Warranted perfectly Harmless, does not make the child dumb and stupid, but on the contrary, after a refreshing sleep, the child awakes fresh and vigorous, as thousands that are using it can testify. Give it a fair trial and if it meets with your expectations, inform your friends of it. for it certainly is a blessing to all to see their little child relieved from all pain and suffering caused by the terrible ordeal of teething and all other pains the little ones are subject to: Bowel Complaints, Dysentery, Disarrangement of the Stomach, Diarrhosa, Wind Colic, &c. Mothers who have given it a fair trial praise it in the most glowing terms. Why? Because by using it they can sleep all night and feel well during the day by having a good night's rest.

> HARMLESS. SURE AND OUICK!

We have retailed at our Store 38,575 boxes of Monell's Compound

of Copaiba, Cubebs

Is a certain and speedy cure. Guaranteed in every case, no matter how obstinate or long standing.

The iron used in this preparation, combined with the other ingredients, s like a charm in its wonderful results and has no equal; it is pleasant tem. No need for in acts like a charm in its wonderful results and has no equal; it is pleasant to acts like a charm in its wonderful results and has no equal; it is pleasant to take, does not impair the digestion, and gives tone and strength to the entire system. Carl L. Jensen,

SOLE ORIGINATOR OF

PEPSIN IN SCALES.

TRADEMARKED "CRYSTAL PEPSIN."

Always give your Support and Encouragement to the Honest Inventor.

Imitations have never superseded the article imitated.

They furnish most positive proof of the worth

of the article they counterfeit.

FORMULA FOR SACCHAR. PEPSIN.

Jensen's Pepsin, 1 part. Sugar of Milk, 19 parts.

Triturate the Pepsin by itself, and then mix with the Sugar of Milk; if triturated together a burnt odor will be developed.

From a series of experimentations with Pepsin by Francis Wyatt, Ph.D., New York, April 7th, 1888: One grain of Jensen's Pepsin in 12 ounces of acidulated water completely dissolved 1,200 grains of boiled veal in 4 hours and 15 minutes. Another test upon eggs gave the following result: One grain of Jensen's Pepsin in 12 ounces acidulated water completely dissolved 1,200 grains of hard boiled white of eggs in 4 hours and 45 minutes. Thereby proving that a doze of $2\frac{1}{2}$ to 3 grains of Jensen's Pepsin is capable of dissolving one-half dozen hard boiled eggs in a few hours, or of boiled veal, sufficient for a dinner for a grown person.

The Powdered Pepsin is put up similar to the Crystal Pepsin in 1 oz., $\frac{1}{4}$, $\frac{1}{2}$ and 1 lb. bottles.

Removed to 161 WEST TWENTY-THIRD ST., NEW YORK.

LIGHTNING FLY-KILLER

Has stood the test for thirty years, and has come off triumphant. Competing articles have been relegated to obscurity. Fly Powder, Fly Traps have had their day. "Sticky Paper" (always an annoyance to the dealer) is passing away, soon to be forgotten. Consumers come back to the old, original, popular, always reliable,

DUTCHER'S FLY-KILLER,

The only really efficacious article, certain to give satisfaction, and result to the advantage of dealers who handle it. The sale for 1887 shows conclusively that the popular inquiry is for **Dutcher's** Fly-Killer, proving that reputation is worth something, and that it pays in the long run to make or sell a uniformly good article. It will be advertised as usual. We are putting more time, more money and more work into it than ever before.

NO DANGER OF AN OVERSTOCK.

It is more than probable that you will not buy enough, e. g, 1887 It

sells clear up to the time of hard frost.

For the convenience of the trade, and to remove the objections to loose poisoned paper, we are now putting up Fly-Killer in handsome cherry envelopes, two sheets in each, 100 envelopes in a wood box. This is very attractive, and is appreciated and preferred by grocers and general stores, and sells at sight.

DUTCHER'S DEAD SHOT FOR BED-BUGS

Is a convenient form in which to administer death and destruction to these all-prevalent marauders. It is best for the retailer—particularly for the general store—to handle, as it avoids the risk of dispensing poisons in their crude state. It is always ready to use. It is terribly effective. It is cheap. It is well known. It is advertised on every sheet of Fly-Killer. It is the only article sold for such purpose. To show it is to sell it nine times out of ten.

FREDERICK DUTCHER, Proprietor, ST. ALBANS. VT.

Batchelor's Celebrated Hair Dye.

ESTABLISHED 1831.

Best in the world. Harmless! Reliable! Instantaneous! No disappointment, no ridiculous tints. Remedies the ill effects of bad Dyes; leaves the hair soft and beautiful. Black or brown. Explanatory circulars sent postpaid in sealed envelopes, on application, mentioning this paper. Sold by all druggists. Applied by experts at

BATCHELOR'S WIG FACTORY, 30 East Tenth St., New York City.

BATCHELOR'S MOLDAVIA CREAM.

The best Pomade in the market. Price, 25 cents; \$2.00 per dozen.

BATCHELOR'S ALASKA SEAL OIL.

A remarkable natural pellucid Oil, entirely free from gummy or sticky matter, designed for the use of Hair Dressers and others who desire to ornament the Hair. It possesses properties not found in any other Hair Beautifier in the world. Price, 25 cents per bottle; \$2.00 per dozen.

BATCHELOR'S DENTIFRICE.

Sound and White Teeth and a Sweet Breath are the certain results of its use. Price, 50 cents per box; \$4.00 per dozen.

BATCHELOR'S CURATIVE OINTMENT.

This is the only medicinal article Mr. Batchelor prepares; and he has been induced to offer it to the public by the almost hourly demands made upon him for it by thousands of private parties who have witnessed its wonderful curative properties. Batchelor's Curative Ointment is wholly unlike the common Salves of the day. It is not a mere compound of ingredients known to everybody, but a real discovery of new elements of astonishing healing power. For every purpose of an Ointment or Salve—from a Mosquito bite to the deadliest burn or scald or ulcer—it is a perfect cure; while for any skin disease or eruptions of infants and children it has no equal. It will cure a feverish "cold sore" in a single night. As stated, this remedy has become popular wholly on its merits—having been advertised chiefly by word of mouth of those who have used it and seen its effects. Price, 25 cents per box; \$2.00 per dozen.

The above comprises a list of the best selling articles in the market. Handsome Glass Signs and Advertising Matter supplied through families and also in our stables. Write Dr. Giles, Post Office box 3482, for pamphlets giving full information. Liniment for family use in white wrappers; that intended for stable use in yellow.

Modern Dentistry

Now uses "Felt Cones," "Felt Wheels," etc., to Polish, SMOOTH and CLEANSE the teeth, as Felt alone can accomplish such

Perfect Results.

Rigid Dental, Medical and General Tests prove that the same effect is SECURED and PRESERVED by continued use of the

"Ideal Felt Tooth Polisher,"

Recently exhibited at the Nineteenth Anniversary of the First District Dental Society of New York State, and found to be a Consistent, Practical, Elegant adaptation for daily use of the soundest principles of Dental Hygiene.

Construction and Results.

This Brush is constructed of pure Felt especially prepared and cut so as to present a serrated surface really consisting of fine wool bristles, the continued use of which highly polishes the enamel of the teeth, and consequently retards decay. Actual results, professionally attested, show that it thoroughly reaches all parts of the teeth, even those inaccessible to bristles, noticeably the back and wisdom teeth, and the inner portions of the upper and lower front teeth; and from its absorbent nature, it cleanses wherever it reaches.

Its Economical Side.

18 Felt Polishers (wood veneer back) cost 25 cents, each comfortably lasts ten days. The Holder strong, elegant, imperishable, costs 35 cents.

We also furnish, if wanted, Best Quality Bristle Brush "Head," any stiffness or form fitting above holder, for 15 cts.

PRICE LIST.

All Goods Sold under Contract since December 17, 1887.

Specimen Professional and General Opinions.

Dr G. Alder Blumer, Medical Superintendent New York State Lunatic Asylum, writes: "Constant personal use of the article since its first introduction has demonstrated to my entire satisfaction the soundness of the principles of dental hygiene on which its construction is based."

The eminent novelist, Mr. Geo. W. Cable, kindly expresses his appreciation: "I have your brush in use and thank you for it. It certainly gives the teeth an extremely pleasant feeling of polish."

Dr. C. M. Richmond, of New York, inventor of Richmond Tooth Crown, writes: "As a cleanser and absorbent of the oils and particles which collect on the teeth, it has no equal, and never can have a rival."

Mr. E. M. Shelden, Treasurer Kansas Loan & Trust Co., Topeka, Kan., writes; "Yonr Felt Brush received, and it is just the thing and fills a long felt want." Check inclosed \$1.80 for three more."

Rev. M. C. Stebbins, Pastor Congregational Church, Cornwall, Vt., writes; "The Felt Brush gives the most comfortable feeling to the mouth and puts the teeth in the best condition. Nothing else I have ever tried compares favorably with it."

Practical tests by Robson & Crane Co. of "Ideal Felt Tooth Polisher." "A great success."—Stuart Robson." "Superior in every way to all others."—Sibyl Johnstone. "In future shall use no other."—Jessie Storey.

FOR THE BLOOD

DEATH TO BLOOD POISON.

A PERFECTLY WELL MAN AGAIN.

Savannah, Ga., January 8, 1887.

I had a thoroughly developed case of contagious blood poison. My physician tried a month to cure me, but did me no good. I then went to my father, who at once told me to take S. S. S. He got a dozen large bottles. They did me a great deal of good and I got more. After using the medicine a short time I was entirely cured, and am to day a perfectly well man.

C. W. LANGHILL.

Mr. W. Daley, No. 35 Sands street, Advertising Agent of the Brooklyn Elevated Railroad, writes: "Inflammatory rheumatism swelled my legs and arms to twice their natural size. I suffered excruciating pain. Your wonderful S. S. S. made a complete cure."

I have suffered with scrofula for thirty years, and plagued with erysipelas of the head and face. I tried everything that medical skill could suggest, but found no relief. At the suggestion of Dr. C. W. Parker I took Swift's Specific. I have so much improved that my best friends hardly know me. It is a wonderful medicine. It has restored my little boy, Willie White, to MRS. J. J. WHITE. perfect health.

> Machine that Costs Less than Half the Price of any other Efficient Ice Shaver

rice, \$15. Will Reduce Your Ice Bill 50 Per Cent

A FEW REASONS WHY IT PAYS TO USE IT.

First—One-half the ice ordinarily used will be all sufficient by using Shaved Ice; rendering the beverage much cooler than can possibly be done in any other way.

Second—For Soda Fountains it is invaluable, as no ice is required to be packed

around the pipes and syrups, which is a great saving of time and hard work.

Third—It is easily operated, simple in construction, with no springs or gearing to get out of order; is an ornament to any Store or Dining Room, durable, perfectly clean, making no slop, and requires no oiling.

Fourth—We guarantee it superior to any other Ice Shaver in the Market, while the price is less than one-half that of any other Rotary Machine, and weighs, when

boxed, about 38 pounds.

The entire machine (receptacle for shaved ice excepted) is made of the best quality of gray iron, galvanized inside and out, and the outside is handsomely painted and ornamented.

The receptacle for the shaved ice is made of tin and brass, and is double nickle-

plated.

The cutters for shaving the ice are made of the very best cast-steel, and can be taken out and sharpened when necessary, and duplicate sets, if desired, will be furnished at small cost.

The opening in this machine is 5 inches in diameter, and will take a piece of ice

of any shape. The knives can be adjusted to cut coarse or fine as desired. Securely packed in light cases, and shipped f. o. b., Newark, N. J.

Price, \$15 00. Less than half the price of any other efficient Ice Shaver.

HANSEN'S DAIRY PREPARATIONS.

Awarded 86 First-class Prize Medals.

D. H. BURRELL & CO., General Agents, Little Falls, Herkimer Co., N. Y.

BUTTER COLOR, CHEESE COLOR, RENNET EXTRACT, RENNET TABLETS.

Pure, Uniform in Strength, Reliable, Prepared in the Largest and Best Equipped Exclusive Laboratory in the United States.

BUTTER COLOR.

Made from pure Vegetable Oils without the use of Alkali, being the ORIGINAL OIL COLOR. It imparts a uniform natural shade to the Butter and does not injure the grain. Its own weight is added to that of the Butter, so that its cost is relatively small.

Used in all the largest and most successful Creameries and acknowledged

the best by makers of GILT EDGE BUTTER.

CHEESE COLOR.

HIGHLY CONCENTRATED—HAS STRONG COLORING PROPERTIES—COLORING WILL NOT FADE AS THE CHEESE RIPEN.

We emphatically say that Hansen's Liquid Cheese Color is decidedly the

CHEAPEST AND THE BEST of all Liquid Preparations.

All prominent Cheese Makers in this country, Canada and all Dairy sections of Europe, prefer it to any other Liquid Coloring on the market.

RENNET EXTRACT.

NOTHING ARTIFICIAL, BEING PURE EXTRACT OF CALF RENNET—UNIFORM, CLEAN AND PERFECTLY PRESERVABLE.

While in regard to cheapness the HANSEN'S PREPARATIONS ARE NOT EQUALED by any other articles of the kind, it is now a fact well known to all prominent Dairymen on both sides of the Atlantic, that in regard to SWEETNESS, CLEANLINESS AND UNIFORMITY THEY SURPASS ALL OTHERS BY A LARGE PERCENTAGE.

The LEADING DAIRY AUTHORITIES of all countries recommend

them and advise their general use.

HOUSEHOLD RENNET TABLETS.

In fifteen minutes one of these Tablets will thicken a quart of new milk, converting it into a DELICIOUS, CHEAP and Wholesome Dish, entirely free from the objectionable properties of sour milk which thickens by the

development of lactic acid.

JUNKET is recommended as being highly nutritious and beneficial for indigestion and dyspepsia. Being thickened by Pure Rennet the milk is already partly digested, and is therefore a WHOLESOME, INVIGORATING and easily digestible nutriment for the sick as well as a delicious dish for the healthy.

HANSEN'S HOUSEHOLD RENNET TABLETS, by dissolving, may also be taken medicinally for indigestion and dyspepsia and are a specific.

SPECIAL OFFER TO THE GROCERY AND DRUG TRADE.

We desire to have every reliable Druggist and Grocer handle our Danish Preparations, and upon application will send

ONE DOZEN SAMPLE BOTTLES BUTTER COLOR, and Twenty-five Samples of Household Tablets with directions for use, Show Cards and Advertising Matter, FREE.

CENTURY WHISKEY,

PURE RYE

PURE WHEAT BOURBON.

Awarded at Vienna, 1873, Medal and Grand Diploma of Merit, being the only Brand thus honored.

Persons in delicate health often find it difficult to obtain a pure stimulant when prescribed by their physician, and it is for Druggists and other first-class trade that the Century Whiskies are particularly designed. They are differently prepared from any Whiskey in the Market, and are driving many old and until now favorite brands out of the Market, because the principle upon which they are made is superior.

Most Whiskies are distilled by the steam process; the Century Whiskies are distilled by the old fire copper process, which every educated distiller knows produces less in quantity, but of superior quality. The greatest improvement, however, is in the extraction of the fusil oil by a peculiar re-distillation after the Whiskey has acquired some age. It is the fusil oil which possesses the poisonous properties, and imparts the sharp, acrid flavor noticeable in many brands of whiskey. It is the ferment and essential oils which impart the rich, oily, mellow flavor, and it is in extracting the fusil oil and retaining the essential oils which largely constitutes the superiority and peculiarity of this process. Another merit is its perfect uniformity, which is attained by the careful blending of the different seasons' makes, somewhat upon the principle of the Spanish Solera System in treating Sherry Wines. When it is required for shipment it is transferred into handsome, new, heavily charred cooperage, which can be securely shipped to any part of the world. We divide it into different grades, according to the age, known as X, XX, XXX, XXXX and Creme de la Creme, the oldest grades of which challenge comparison for mellowness and agreeable flavor with any Whiskey, without regard to age or price.

BELL SCHNAPPS.

DISTILLED BY THE H. G. WOLFE PROCESS,

A peculiar method of distilling Schnapps, and far superior to any other, and which is known only to those controlling same.

It enables the Distiller to warrant the Bell Schnapps as being the Purest Medicinal Stimulant in its class ever offered to the public. It is made from Barley of the finest quality, the Barley and the Aromatic Juniper berry of Italy being distilled together. It has no equal in cases of Dropsy, General Debility, Dyspepsia, Gravel, Gout, Rheumatism, Fever and Ague, and diseases of the Urinary Organs.

Sold only in Sealed Bottles.

A WORD TO DRUCCISTS.

Within the last few years a large share of the retail cigar trade has fallen to the lot of the druggists, which fact may be attributed to their catering for the best trade and buying only the highest grades and most reliable brands at prices that were consistent with a moderate and reasonable profit; their constant aim seems to have been to obtain the best possible value for their money and to give their customers the benefit. The result has proved that they were right, and to-day the druggist has a reputation among consumers of handling the best five and ten cent cigars obtainable, and for this reason we desire to call your attention to the EL LIRIO CUBANA Key West Havana cigars. This cigar is beyond doubt as fine in quality as can be manufactured or imported, the question of price not considered. The Bouquet size at \$90.00 per thousand is particularly fine, and is far superior to any imported cigar ever introduced into this market. Mr. F. B. Thurber, who is considered an excellent judge of fine cigars and appreciates a good article when he sees it, recently favored the manager of this department with a letter giving his opinion of the merits of this cigar as follows:

"Every time I smoke the 'El Lirio Cubana' I am impressed with their fine quality, and the fact that you ought to sell a very large quantity of these cigars to buyers who buy good cigars. I have now a box of 'Bock's Golden Eagle' in foil, costing \$200 per thousand, and a box of 'El Lirio Cubana,' costing \$90 per thousand, and I would rather have the latter than the former at the same price. For a clean, delicious, genuine Vuelta Abajo smoke, I have

never seen a cigar which, in my opinion, is superior to this.

We are already having a large trade on this brand of cigars, and have yet to hear a word of complaint from dealers who have given them a trial: on the contrary, duplicate orders invariably follow, and there can be no good reason why every dealer in fine cigars cannot build up a very large trade on our clear Havana Key West goods, while a reputation for handling the higher grades of cigars must assist in selling the lower grades as well. No one familiar with the taste and flavor of an Havana cigar will for a moment question its superiority over the domestic article, and all the doctoring and artificial flavoring in the world cannot make an imported cigar from stock that is grown on the finest soil, or in any of the varied climates of the United States. There is, however, no reason why as good a cigar cannot be made in this country, provided the same material is used, and the fact that the duty on Havana tobacco in bulk is over 75 per cent. less than on the manufactured article, is a conclusive argument in favor of importing the raw material for the purpose of home manufacture, and at the same time enable the consumer to purchase a cigar of imported stock at the price of the domestic article. The facilities for the manufacture of Havana cigars at KEY WEST are, without doubt, much greater than in any other section, and the reputation of Key West cigars has recently become second only to the imported goods. The simple fact that they are made at Key West, however, is no guarantee of quality, as there are good and bad eigars manufactured there as well as elsewhere.

The above new brand, however, is gnaranteed by the manufacturer to be made wholly of Vuelta Abajo Havana tobacco, acknowledged to be the finest in aromatic qualities of any grown on the island of Cuba. These cigars are not only Havana fillers, but are of the same material throughout, wrapper and all, made without binders by the best Cuban workmen, and are, we think, beyond question, far superior in EVERY RESPECT to the imported brands which are sold at corresponding prices. These cigars are made in several styles and sizes, ranging in prices from \$35.00 to \$90.00 per thousand, according to size and quality of work. For price list or further particulars, address

PUT IT OUT.

By H. C. DODGE.

IN SUNDAYS "WORLD."

This is the stump of a dead cigar,
That brainless men bring in the car,
Without a thought of how they mar
The comfort of others,
Who fastened in the crowded L,
Must breathe its stale tobacco smell,
Which has for stink no parallel,

And permeates and smothers.

And all because a fellow mean, Or one from the country green, Or one who has no culture seen,

Or some "dead broke" beginner. Must save what tramps would throw away, To smoke, perhaps the following day, Or use within his pipe of clay

After his hash-mill dinner. These boorish men, without a doubt, Like their cigars should be put out.

PUT IT IN.

BY ONE WHO KNOWS A GOOD CIGAR WHEN HE SMOKES IT.

This represents our **B**-1-1, The finest cigar under the sun, Whose reputation has been won

Through everything propitious,
And when it's lighted, all must say,
"Just blow more of the smoke this way
That smells so much like new-mown hay,
Yet even more delicious"

If this cigar is once "put out," And no one knows it is about, The passengers without a doubt,

Would think they scented roses. Their handkerchiefs they'd put to soak, In extracts of this fragrant smoke, And on themselves would play a joke,

As well as on their noses, For this cigar is bound to win And by the dealer be put in.

BALD HEADS

or where the Hair is shaved off should be well rubbed with the Hirsutus on the affected parts, until quite red, which in a short time will cause an entire new growth.

In cases of severe Headache, apply the Hirsutus with the palm of the hand.

Be particular to cut the points of the hair once every month.

Directions

SE

Pour a small quantity of the Hirsutus into a cup, and with a soft BRUSH rub well among the roots of the HAIR, taking care to Separate it in such a manner that the whole scalp may be wet, after which rub with a clean STIFF BRUSH, to take the dandruff off.

Use freely every day, and brush the hair thoroughly.

Vienna Water Bottle.

Highly recommended on account of their lightness and durability, being made of a Para Rubber Compound that combines all the advantages of the old style of cloth bottle with the latter style of all rubber, retaining the lightness of the former without the elasticity or liability to stretch out of shape of the latter, thereby making a much superior article for Hot and Cold Water as well as Air. Their color also recommends them above all others as they will not soil like the white ones on the market.

Eureka Bottle Nipple.

THE BEST IN THE MARKET.

And the only one that will not collapse. It is made of PURE RUBBER, and can do no harm to the most feeble infant.

THE NEW STAND THE NEW STAND. \$20,000 IN IRON.

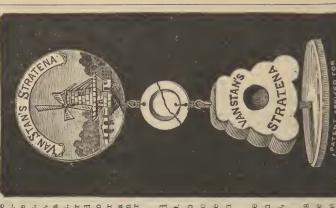

We have spent over Ten Thousand Dollars in distributing our old-style Iron Advertising Stands and Weights, and propose to spend Ten Thousand more in the introduction of the handsome New Stand which we are now putling out. Our idea is to double the sale of our cement. This is the surest way of doing it. It stands to reason that a handsome, novel and attractive sign of this peculiar character, displayed in a store, is bound to create an instant and steady demand for the Cement.

We know there are numbers of dealers who have never kept our Gement in stock, while their neighbors, not a block away, have retailed gross after gross. How do you explain it? We know of druggists who keep our cement in stock, but who rarely sell a dozen bottles per month, while their neighbors, not a block away, sell that much, and a fixed deal more, every week. How do you explain it? The explanation is very simple. The latter keep our handsome Stands exhibited in their stores; the others do not.

If you wish to obtain one of these novel, handsome and attractive Signs, send to **THURBER**, **WHYLAND & CO**. for a **VAN STAN'S** Stratena Advertising Case. Each case contains 1 complete Stand, 1 Show Card, 1,000 Comic Circulars, and 2 Dozen Stratena. No charge except for the Stratena (Regular Price, \$1.50 per dozen). Ask for an **ADVERTISING CASE** and take nothing else.

Description of Stand:—Height 22 inches, diameter of base 16 inches. Toy plate broken and holding up a 10 lb. iron weight. Sign 8 inches diameter, hand painted, 8 colors, windmill in bas-relief.

Every Wholesale Drug House in the United States sells VAN STAN'S STRATENA, and acknowledge it to be the best and most salable article of the kind ever put on the market.

VAN STAN'S STRATENA COMPANY (Limited), 210, 212 and 214 Evelina Street, PHILADELPHIA

THE DEANE PLASTER CO.

MANUFACTURE A FULL LINE OF

Porous Plasters, Medicinal and Surgical Plasters, One and Five-Yard Rolls,
Adhesive on Spools, Mustard and Court Plaster, etc., Absorbent Cottons, Antiseptics, Elastic and Muslin Roll Bandages, Suspensories, Oiled Silk and Muslin, etc., etc.

We manufacture only one quality of goods, and that the best. We use the best medicinal extracts and selected materials obtainable. Thus, through the valuable aid of Mr. Deane's great practical and professional knowledge in selecting the materials used, and his skillful preparation and manipulation of the various ingredients that enter into the composition of medicinal plasters, we are enabled to produce goods of perfect uniformity, a result unequaled by any of the present day self-styled plaster manufacturers. Our prices are the most reasonable for which honest goods of true pharmacal standard can be purchased.

HELMER & LIETZ, M'f'rs, 125 4th Ave., New York.

This excellent Complexion Powder, the most complete Cosmetic extant, is guaranteed by the Manufacturers to contain nothing injurious. It is tested with telling effect by taking about two hundred grains and applying it to the tongue. The soluble ingredients thereof will greatly refresh, sweeten and perfume the mouth and breath.

The following unsolicited but welcome indorsement, privately mailed us by our Baltimore correspondents, Messrs. Schultze Bros., the enterprising Druggists, corner Howard and Lexington Streets, speaks for itself: "We think that we can make a success of the goods here, from the fact that our Chemist has subjected the Powder to the most rigid examination." One such testimony outweighs all the purchased indorsements of the professional analyzer.

Unlike all other Complexion Powders, which upon perspiration will give the wearer a pasty and ghastly look, Pulchra will impart a blooming, velvety softness which no temperature can obliterate. The Manufacturers aspire to make Pulchra the best advertised specialty of its kind in the world.

PULCHRA IS A GREAT MONEY-MA

Dealers will consult their own best interests by including Pulchra Ameri-

cana as an item when giving their orders.

The Manufacturers will issue Five Thousand Free Samples of Pulchra Americana, to any one house only, ordering one gross of each size, in cities where not yet introduced.
